SENATE COMMITTEE ON EARLY LEARNING & K-12 EDUCATION

Staff: Susan Mielke (786-7422)

In the 2016-17 school year, there were 105 first class school districts. They served approximately 89.14 percent of all public school students.

Any school district that has an enrollment less than 2000 students is a school district of the second class. In the 2016-17 school year, there were 190 second class school districts. They served approximately 10.84 percent of all public school students.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony on Proposed Substitute: PRO: This is a simple approach to change the way we refer to small school districts, many of which are rural districts. Throughout the code, small school districts are referred to as second-class school districts, which has a negative connotation. It is time to update the language in a way that is not unkind to any of our school districts.

Persons Testifying: PRO: Senator Karen Keiser, Prime Sponsor.

Persons Signed In To Testify But Not Testifying: No one.
